

Board Approves 10 Percent Dividend Hike

Dominion Energy's Board of Directors has approved another 10 percent increase in the company's annual dividend rate. Subject to quarterly determination and declaration by the board, the dividend would be \$3.67 per share in 2019, up from \$3.34 in 2018.

The board has declared a first-quarter 2019 dividend payout of 91.75 cents per share. This payment is payable March 20, 2019, to shareholders of record as of the close of business March 1, 2019.

If the board approves each quarterly dividend, as expected, 2019 will mark the 16th consecutive year in which the annual dividend has risen from the previous year.

Company Completes SCANA Merger

As millions of Americans rang in the New Year, your company was completing its combination with Cayce, S.C.-based SCANA Corporation.

SCANA's businesses, which are now part of a new operating segment called the Southeast Energy Group, include an electric and gas utility in South Carolina, a gas utility in North Carolina, and a competitive and regulated natural gas supply business that operates principally in Georgia. The transaction is expected to be accretive to the company's 2019 earnings per share.

The gas and electric utilities have experienced solid customer growth in recent years — 2.3 percent in 2018 and 11.3 percent over the past five years. Dominion Energy is committed to investing in growth projects that enhance the reliability of those utilities' delivery systems and that reduce methane and carbon emissions contributing to climate change, and to aiding economic development efforts in the states served by the Southeast Energy Group's businesses.

The yearlong merger process included seven separate federal and state regulatory approvals.

Say Hello to DERI, Goodbye to Money Markets

Looking for short-term CD-comparable rates with instant access to your money?

Dominion Energy Reliability Investment, or DERI, offers that and more. Similar to a money market account, DERI allows investors immediate access to their cash with a premium floating interest rate and check-writing privileges—with no maintenance fees.

Dominion Energy
Reliability Investment

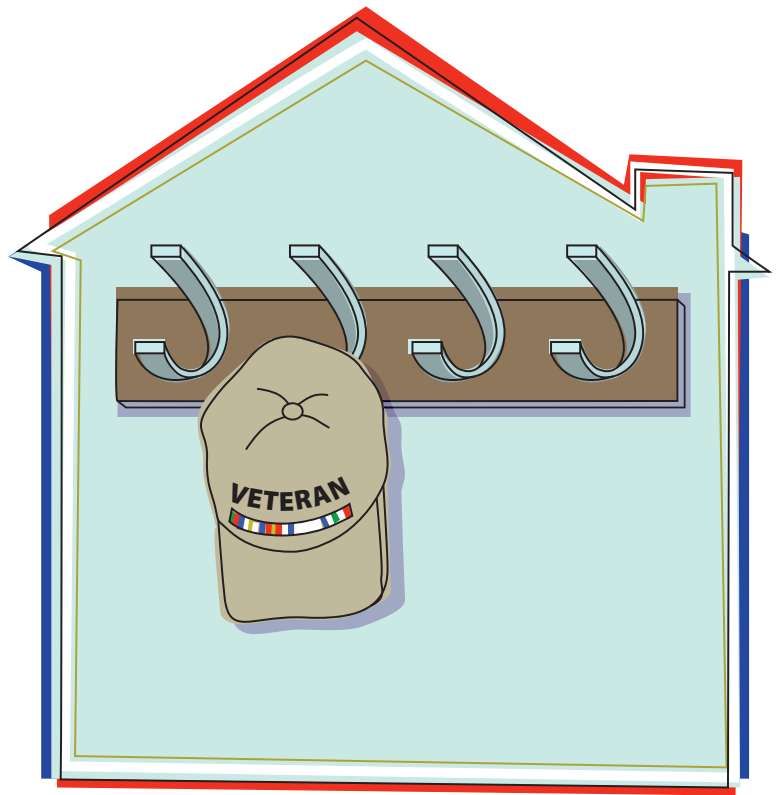

DERI enrollment is easy, and includes an online portal for

investors to manage their investment and transfer money in or out by linking bank accounts. The minimum investment is \$1,000, and our tiered interest rate approach allows investors to select the investment balance that is right for their financial goals.

Learn more by visiting our website at:

DominionEnergy.com/DERI

Offers are by means of prospectus filed with the U.S. Securities and Exchange Commission (SEC). The prospectus and other information regarding DERI Notes are available for free at www.sec.gov or www.dominionenergy.com/deri or by mail by calling, toll-free, (866) 876-0001.

Your Company Is Committed ...

To Critical Community Needs

This year, Dominion Energy is contributing \$1.6 million in grants providing critical community aid to more than 200 nonprofit organizations in 12 states. This is the fourth straight year in which the company's philanthropic arm, the Dominion Energy Charitable Foundation, has given more than \$1 million in critical community needs grants.

Among the 2019 recipients are the United Way of Harrison County, W.Va., to provide housing and social services to homeless veterans; and the Foodbank of Southeastern Virginia, to provide healthy meals to food-insecure households in the region.

In 2018, Dominion Energy and the Dominion Energy Charitable Foundation distributed nearly \$35 million to community causes.

To Sustainability

Your company has released its most recent Sustainability & Corporate Responsibility Report. You may find it at sustainability.dominionenergy.com.

The 217-page report, available in pdf format, includes several topics of interest to our stakeholders: Serving Customers and Communities, Environmental Stewardship, Our Culture, and Our Business for the Future.

As part of Dominion Energy's commitment to sustainability, we have also posted other documents to our sustainability website, including our Climate and Methane Management reports.

This newsletter contains forward-looking statements that are subject to various risks and uncertainties. Discussion of factors that could cause actual results to differ materially from management's projections, forecasts and estimates are detailed in the company's most recent Securities and Exchange Commission filings on Forms 10-Q and 10-K.
