- If you own shares of Dominion Energy but they are held in the name of a bank or broker, you have the option to participate in the reinvestment feature by instructing your broker to register the shares in your name or by making arrangements with the broker to participate on your behalf.

#### **Payment Methods**

Investments can be made by check or automatic bank draft. You will not earn interest on any cash investments.

#### By check

- Funds must be payable in U.S. dollars to Broadridge Corporate Issuer Solutions, Inc., the Administrator.
- Your check must be received by the Administrator at least two business days prior to the purchase date. Investments received late will be held for the next purchase date.
- Checks for less than \$40 will be returned.

#### By automatic bank draft

- You may pre-authorize the Administrator to withdraw a set amount (\$40 minimum) from a U.S. checking or savings account.
- Automatic bank drafts are scheduled for the 1st and 15th of each month (or the next business day). Amounts withdrawn from your bank account will be used to purchase shares on the next purchase date. See “How Shares are Purchased” below.
- Your automatic bank draft authorization must be received by the Administrator or submitted online at least five business days prior to your requested draft date.
- The first bank draft for new accounts are processed on a weekly basis. Subsequent bank drafts will take place either on the 1st or 15th based on your selection when your account was setup.
- Investments cannot be made over the phone or by credit card.
- As an added security measure, the Administrator may apply a five business day hold period to the initial association of bank account information to investor accounts as well as changes made to established direct deposit or direct debit instructions. This hold period is a method of preventing unauthorized transactions.

#### Returned checks or cash drafts

- Shareholders who send checks or authorize bank drafts that are returned by their financial institution will be charged an administrative fee of \$35. Any shares purchased with returned checks or drafts are subject to forfeiture unless the Administrator promptly receives funds to cover both the administrative fee and the returned check or draft. The Administrator also reserves the right to exercise offset rights on any cash or shares in your account and on any dividends paid to your account to cover any unpaid administrative fees or losses resulting from returned checks or drafts, including losses on shares purchased with such checks or drafts.

#### **How Shares Are Purchased**

- At Dominion Energy’s discretion, shares purchased through Dominion Energy Direct will be either newly issued or purchased in the open market. See “Pricing of Shares Purchased” below.
- If Dominion Energy is funding Dominion Energy Direct with open market purchases rather than newly issued shares, then it will pay any broker fees for these purchases. Any broker fees paid by Dominion Energy will be taxable income to you and reported as dividends on your Form 1099-DIV. See “Tax Consequences” below.
- You may incur a minimal charge, not to exceed \$5 per optional cash contribution, when you purchase shares by check or by automatic bank draft.
- Registered broker-dealers engaged by the Administrator make open market purchases.
- Shares generally will be purchased every Wednesday. Purchase dates can vary or be suspended for up to two weeks without notice for administrative purposes. Funds must be received by the Administrator at least two business days prior to the purchase date.

- Reinvested dividends will be used to purchase shares on the next purchase date following the dividend payment date. If you choose to reinvest dividends, you will be charged a quarterly administrative fee of 2%, not to exceed \$1.

### **Pricing of Shares Purchased**

The price of shares purchased through Dominion Energy Direct will be either:

- For newly issued shares—the average of the high and low sales prices on the purchase date as reported on the New York Stock Exchange Composite Tape and reported on The Wall Street Journal's web site at [www.wsj.com](http://www.wsj.com), or
- For open market purchases—the average cost of all shares purchased on a particular day or the average cost of all shares purchased over the course of several days. Due to regulatory requirements, the registered broker-dealer may be required to make open market purchases over two or more consecutive business days.

You cannot instruct the Administrator to arrange for the purchase of shares at a specific time or at a specific price under Dominion Energy Direct.

### **Dividend Payment Options**

If declared, dividends generally are paid on the 20th of March, June, September and December.

You may select one of the dividend payment options below by completing the Account Elections portion of the Direct Share Purchase and Sale Program Form:

- Full dividend reinvestment;
- Partial dividend reinvestment; or
- Cash dividends.

You can receive a check or have your dividends directly deposited to your bank account by completing the Direct Deposit Enrollment portion of the Account Maintenance Form. If you choose to reinvest dividends, you will be charged a quarterly administrative fee of 2%, not to exceed \$1.

After the dividend has been paid, participants who have elected to reinvest their dividends and have enrolled to access their account online will receive an e-mail notice when their statement is available to view online. Statements will not be mailed following dividend reinvestments unless you request them. See "Statements" below.

## **SALE OF SHARES**

You can sell some or all of the shares you have accumulated in Dominion Energy Direct or held in Direct Registration. Shares you hold in certificate form can be sold after they have been deposited into Dominion Energy Direct. The Administrator will instruct a registered broker-dealer to sell shares at the then current market price of Dominion Energy shares. You cannot instruct the Administrator to arrange for the sale of your shares at a specific price or at a specific time.

You may instruct the Administrator to sell shares through a Batch Order, Market Order or Day Limit Order. All sales options may not be available at all times. Proceeds you receive for any sale of shares will be reduced by a fee of \$25 per transaction request and a brokerage commission fee of \$.03 per share to cover broker fees and a portion of the administrative costs of Dominion Energy Direct. No brokerage commissions are kept by the Administrator.

***Batch Order (online, by telephone or by written request)*** – A Batch Order is an accumulation by the Administrator of all requests to sell shares through the plan submitted together as a collective request. Batch Orders are submitted on each trading day, assuming there are sale requests to be processed. The Administrator will forward your request to a registered broker-dealer (which registered broker-dealer may be an affiliate of the Administrator) and the broker-dealer will sell your shares, along with shares to be sold for other accounts, within five business days, assuming the applicable market is open for trading and sufficient market liquidity exists. Proceeds from the sale, less a sale fee of \$25 and a brokerage commission fee of \$0.03 per share, will be sent to you on the settlement date. You may request a Batch Order sale online at [www.shareholder.broadridge.com/D/](http://www.shareholder.broadridge.com/D/), by contacting the Administrator by phone at (800) 552-4034 or by written request. All sale requests received in writing will be submitted as Batch Order sales.

***Market Order (as available online or by telephone)*** – A Market Order is a request to sell shares promptly at the then-current market price. A participant's request to sell shares in a Market Order will be at the prevailing market price when the trade is executed. If such an order is placed during market hours (normally 9:30 a.m. to 4:00 p.m. Eastern Time), the Administrator will promptly submit the shares to a registered broker-dealer (which registered broker-dealer may be an affiliate of the Administrator) for sale on the open market and the order will be executed as soon as market conditions allow. The price per share will be the market price of the sale obtained by the Administrator's broker-dealer and is not guaranteed. Proceeds from the sale, less a market order fee of \$25 and a brokerage commission fee of \$0.03 per share, will be sent to you on the settlement date. You may request a Market Order sale only online at [www.shareholder.broadridge.com/D/](http://www.shareholder.broadridge.com/D/) or by contacting the Administrator by phone at (800) 552-4034. Once entered, Market Order requests received by the Administrator during market hours are final and cannot be canceled. Sale requests submitted near or after the close of the market may be executed on the next trading day, along with other requests received after market close. Depending on the current trading activity, there may not be a market for your request and the order could be canceled at the end of the trading day. If your Market Order is canceled, you will receive an email confirmation. If your Market Order was canceled and you still want the shares to be sold, you will need to re-enter the sale request.

***Day Limit Order (as available online or by telephone)*** – A Day Limit Order is an order to sell shares when and if they reach a specific trading price on a specific day. A participant's request to sell shares in a Day Limit Order will be promptly submitted by the Administrator to a broker. The broker will execute as a Market Order when and if the stock reaches, or exceeds the specified price on the day the order was placed (or, for orders placed outside of market hours, the next trading day). All limit orders are considered irrevocable upon final submission of the order and cannot be canceled within market hours. Proceeds from the sale, less a limit order fee of \$25 and a brokerage commission of \$0.03 per share, will be sent to you within five business days following the sale. You may request a Day Limit Order only online at [www.shareholder.broadridge.com/D/](http://www.shareholder.broadridge.com/D/) or by contacting the Administrator by phone at (800) 552-4034. Depending on the current trading activity, the entered price may not be met by the end of that trading day or there may not be a market for the request. In both cases, the order could be canceled at the end of the trading day. Should a participant submit a limit order that falls under the current trading price at the time of receipt by the broker, there is a chance the order will be canceled upon receipt if it exceeds certain pricing thresholds meant to protect you from erroneous entries. The order may also be canceled by the applicable stock exchange or by the Administrator's broker due to certain restrictions. If your Day Limit Order is canceled, you will receive an email confirmation. If your Day Limit Order was canceled and you still want the shares to be sold, you will need to re-enter the sale request.

Sale dates can vary or be suspended for up to two weeks without notice for administrative purposes.

If you prefer to have more control over the timing and sales price, you may choose to sell your shares through a stock broker of your choosing. In this case, you can either authorize your broker to initiate a DRS PROFILE transaction to electronically transfer your shares to your brokerage account or you can request the Administrator to issue a certificate for your shares which you can then deliver to your broker for sale. A \$25 service fee will be

charged for each stock certificate issued. Your money order or certified check made payable to Broadridge Corporate Issuer Solutions, Inc. must accompany your request for a stock certificate.

### **Requesting a Sale of Shares**

- A completed Purchase and Sale Coupon may be mailed or faxed to sell shares. You may also request a sale online through your Dominion Energy shareholder online account or call 1-800-552-4034. Certain restrictions may apply based on the account type or sale value. With the exception of the year-end account statement, a Purchase and Sale Coupon is attached to each account Activity Statement. Forms may also be downloaded and printed from your shareholder online account or from the company's website. Visit [www.shareholder.broadridge.com/D/](http://www.shareholder.broadridge.com/D/) and click on Need a Form.
- On the Purchase and Sale Coupon, specify the **number** of shares you want to sell—not the dollar amount you would like to receive.
- If you request a sale of all of your shares and you have authorized automatic drafts from your bank account, you must notify the Administrator in writing to remove the draft, as the timing of your request may prevent it from being removed automatically. If you have signed up for online account access, you may terminate the automatic draft online.
- Purchase and Sale Coupons that are mailed or faxed to the Administrator must be signed exactly as the name(s) appear on your account. All owners named on the account must sign.
- Send the Purchase and Sale Coupon to the Administrator by:

**Mail:**

Broadridge Corporate Issuer Solutions, Inc.  
P.O. Box 1342  
Brentwood, NY 11717

*Street Address for Express Deliveries:*  
*Broadridge Corporate Issuer Solutions, Inc.*  
*ATTN: IWS*  
*1155 Long Island Avenue*  
*Edgewood, NY 11717*

**Fax: 1-215-553-5402**

### **Sale Proceeds**

- We will send a check by U.S. Mail or direct deposit via ACH with the proceeds of any sale of shares. There will be a \$5 fee for the direct deposit of sale proceeds.
- The check will be mailed to your address of record on the settlement date. Direct deposit of funds will be made on the settlement date.
- As an added security measure, the Administrator may apply a five business day hold period to the initial association of bank account information to investor accounts as well as changes made to established direct deposit or direct debit instructions. This hold period is a method of preventing unauthorized transactions. If your sale takes place during the five day hold period, your sale proceeds will be sent by check.

### **STATEMENTS**

The Administrator will send you an Activity Statement after each optional cash investment, transfer or sale transaction. With the exception of the year-end account statement, each statement includes a Purchase and Sale Coupon. Statements are not mailed following dividend reinvestments unless you request them. All participants

will be mailed a year-end account statement which details an entire year's transactions and is mailed in January of the subsequent year. You should retain all year-end statements in order to establish the cost basis of shares purchased under Dominion Energy Direct for tax and other purposes.

Participants who have signed up to access their account online will receive an e-mail notice when their statement is available to view online. For all other participants, the Administrator will mail all notices, statements and reports to your address of record.

Please review your statements carefully and inform the Administrator promptly of any corrections to your account registration or any change in your postal or e-mail address. You may change your postal or e-mail address online or you may send a written notice to the Administrator. Written notices must be signed and should include your account number, a daytime phone number, and your previous address. See "Online Management of Your Account" below.

### **STOCK CERTIFICATE ISSUANCES**

Stock certificates are valuable and expensive to replace if lost, stolen or destroyed. Therefore, the Administrator will not issue stock certificates unless specifically requested by you. Instead, all shares will be held in Dominion Energy Direct or, in some cases, in a book-entry account in your name. See "Direct Registration System (DRS)" below.

A \$25 service fee will be charged for each stock certificate issued. Your money order or certified check made payable to Broadridge Corporate Issuer Solutions, Inc. must accompany your request for a stock certificate.

To request a stock certificate for any of the shares held in your Dominion Energy Direct account, send written instructions to the Administrator. All stock certificates will be issued in the account holder's name. Stock certificates are mailed via the U.S. Postal Service to your address of record.

### **LOST STOCK CERTIFICATES**

We encourage you to search diligently for lost stock certificates. As stated earlier, stock certificates are valuable and are expensive to replace if lost, stolen or otherwise destroyed. If, after your diligent search, you are still unable to locate the stock certificate, please contact the Administrator to report the loss. The Administrator will need your name, mailing address, the stock certificate number and the number of shares. A stop code will then be placed on the lost stock certificate to prevent any future transactions of those shares. You will be mailed paperwork to complete and have notarized, along with a schedule of fees to have the stock certificates replaced. Once we receive your completed documentation and payment of fees, the lost stock certificate will be cancelled and the shares will be credited to a book-entry account or to your Dominion Energy Direct account if you are a participant.

### **SHARE SAFEKEEPING**

Dominion Energy Direct offers you the convenience of depositing your stock certificates for safekeeping. To deposit your stock certificates into your Dominion Energy Direct account, send them to the Administrator with a signed letter of instruction requesting the deposit of your stock certificates for safekeeping. Do not endorse the stock certificates. When mailing stock certificates, we recommend that you use Registered Mail, insured for 2% of the market value of the stock certificates.

If you hold shares in Direct Registration form, you may instruct the Administrator to deposit those shares into your Dominion Energy Direct account by notifying the Administrator in writing.

## **SHARE TRANSFERS**

To transfer some or all of your shares to another name, call the Administrator to request Transfer Instructions. You may also download and print a Legal Transfer Form from the company's website. Visit [www.shareholder.broadridge.com/D/](http://www.shareholder.broadridge.com/D/). Signatures must be Medallion Guaranteed by a financial institution such as a bank, savings and loan, credit union or brokerage firm that is a member of the Securities Transfer Agents Medallion Program (STAMP). The Administrator will process your request promptly once your completed Transfer Instructions are received. Transfer Instructions cannot be faxed or e-mailed to the Administrator.

To transfer shares from your Dominion Energy Direct book-entry account to your brokerage account, contact your broker to request an electronic transfer using the Direct Registration System. See "Direct Registration System (DRS)" below.

### **DIRECT REGISTRATION SYSTEM (DRS)**

Dominion Energy participates in the Direct Registration System (DRS). The direct registration form of ownership allows shares to be issued without requiring a physical stock certificate and eliminates the need for you to safeguard and store certificates. Shares in direct registration (book-entry) form can be electronically transferred between Dominion Energy's records and your broker-dealer account without the need to deliver a physical stock certificate. Based on your instructions, your broker can initiate a DRS PROFILE transaction to electronically transfer shares from your Dominion Energy Direct account to your brokerage account. For information concerning authorization of electronic share movement, please contact your broker-dealer.

### **CHANGES TO YOUR ACCOUNT**

To make a name change on your account, please refer to the "Share Transfers" section above. For other account changes, such as an address change or changes to your reinvestment option, cash draft and direct deposit information, send the Administrator written instructions signed exactly as the name(s) appear on your account. Please be sure to include your name, account number and daytime phone number on all correspondence. You may also make changes to your account online. See "Online Management of Your Account" below.

### **ONLINE MANAGEMENT OF YOUR ACCOUNT**

New investors, as well as registered shareholders, can enroll in Dominion Energy Direct online. Upon termination, your participation in Dominion Energy Direct will cease and any fractional shares will be sold.

If you close your account and have authorized automatic drafts from your bank account, the Administrator must be notified in writing to remove the automatic draft as the timing of your request may prevent it from being removed automatically. If you have signed up for online account access, you may terminate the automatic bank draft online.

To transfer full shares from your Dominion Energy Direct book-entry account to your brokerage account, contact your broker to request the transfer using the Direct Registration System. Your broker can initiate the electronic transfer of shares.

## TAX CONSEQUENCES

All dividends paid to you on shares held in your account—whether or not they are reinvested—are considered taxable income.

If Dominion Energy is funding Dominion Energy Direct with shares purchased on the open market rather than newly issued shares, then it will pay any brokerage fees for these purchases. Any broker fees paid by Dominion Energy will be taxable income to you. These fees are not expected to be more than seven cents per share.

The total amount of dividends and any broker fees will be reported to you on your Form 1099-DIV, and to the Internal Revenue Service (IRS), shortly after the end of each year.

Any sale of shares made through the Administrator will also be reported to the IRS as required by law. Any profit or loss you incur should be reflected when you file your income tax returns. See “Cost Basis” below.

Dividends on Dominion Energy shares held for or on behalf of non-resident aliens or non-U.S. entities generally are subject to income tax withholding. Any dividend reinvestment will therefore be made net of any taxes withheld and any quarterly administrative fees.

## COST BASIS

For sales of Dominion Energy stock purchased on or after January 1, 2011 (Covered Stock), the Administrator is required to annually report certain information to the IRS. For any sale of Dominion Energy stock (whether Covered Stock or not), the Administrator is required to report annually to you and the IRS the gross proceeds resulting from such sales. For sales of Covered Stock, the Administrator is also required to report (i) your adjusted tax basis in such Covered Stock and (ii) whether any gain or loss with respect to such sale is long-term

or short-term. Unless you adequately indicated otherwise, the Administrator will calculate your adjusted basis and your gain or loss, if any, on sales of Covered Stock using the default method required by Treasury Regulation §1.1012-1. In general, for shares of Dominion Energy stock acquired on different dates, the Administrator will assume the shares you sell are those that were purchased earliest (i.e, First In, First Out, or FIFO) and, to the extent that such shares constitute Covered Stock, the Administrator will calculate your adjusted basis and any gain or loss in accordance with that assumption. As noted above, you can use a different method by notifying the Administrator of the different method you elect to use. The rules governing the methods for determination of your adjusted basis and gain or loss on sales of Covered Stock, however, are complex. Consequently, we recommend you consult your own tax advisor if you wish the Administrator to use a method of calculating your adjusted basis and gain or loss that is different than the default method specified by Treasury Regulation §1.1012-1. Once you sell your Dominion Energy stock, the method used to calculate your adjusted basis and any gains or losses with respect to such stock cannot be changed. Therefore, it is important to consider the tax implications before you request a sale.

Dominion Energy will not provide cost basis information for Dominion Energy stock acquired prior to January 1, 2011 to either you or the IRS. We urge you to consult your own tax advisor for assistance with the calculation of your adjusted basis in such stock. Special tax issues may apply to some participants.
